*SAT score is calculated using the SUM of math and verbal/critical reading subsections. ACT score is calculated using the SUM of the math, science, English and reading subsections.

**SAT/ACT - In January, 2023, the NCAA dropped the requirement of a qualifying ACT or SAT score from the NCAA Initial-Eligibility standards. However, many colleges and universities still require an SAT or ACT score for admission. Therefore, reporting an SAT or ACT score on your CoreCourseGPA.com report may still be beneficial, especially when sharing your report with college coaches.

Report generated by CoreCourseGPA.com on July 25, 2026. This is only a guide. It is not an official high school transcript. It is not an official NCAA report. The official NCAA initial-eligibility status of a student-athlete can only be determined by the NCAA Eligibility Center after high school graduation.
